Introduction

'Their Works are their History'

The volumes listing the members of the Royal Society of British Artists who have exhibited from the inception of the Society in 1824 appear to have satisfied a considerable need for a record of the period and have resulted in numerous requests to bring the information into the twentieth century. This volume takes the work well into this century, and will, we trust, be equally useful. In consequence, approaching seventy thousand paintings have been extracted from the exhibition catalogues and put into easy reference order.

Volume 1. covering the years 1824-1892
Volume 2. " " " 1893-1910
Volume 3. " " " 1911-1930
Volume 4. " " " 1931-1946
Volume 5. " " " 1947-1962
